

Centre for Shamanic Arts of the Sweet Medicine Sundance Path

About Us

The Deer Tribe Metis Medicine Society, based in Phoenix, Arizona, is an international organisation with lodges and study groups in the USA, Canada, Australia and Europe. It was founded by Harley Swiftdeer Reagan to translate, preserve and teach the ancient lineage of sacred knowledge of the Sweet Medicine Sundance Path, an ageless and magickal Twisted Hairs tradition of the Americas.

The Centre for Shamanic Arts, based in Derbyshire, is an affiliated lodge of the Deer Tribe Metis Medicine Society.

The Sweet Medicine Sundance Path

has evolved over thousands of years. It is a shamanic warrior's path of spiritual self growth and healing.

Using the ancient knowledge of the Twisted Hairs, we give you the tools, techniques and understanding to help you journey into your unknown self. Applying the alchemy of ceremony brings direct experience of this knowledge into your body and life.

The series of six weekends and a ceremonial week, is designed to give you a good foundation in the shamanic knowledge and practice of this path.

It is an invitation to embark on the Great Work, the inner journey to heal yourself and find the warrior within.

On completion of the year programme there is the opportunity to continue to more advanced levels of training and to become an apprentice if this is your path with heart.

In addition, the lodge offers monthly open purification lodge ceremonies, chanting and drum team meetings and a variety of other inspirational workshops, ceremonies and events.
